

The Mattingly Center Blessed.....Again

On June 5th, the Mattingly Center was truly blessed by many members, friends and contributors of the **Associated Builders and Contractors**. The Agency was selected by the local chapter to be the benefactor of their "Day of Caring". The project selected was the painting of all trim on the outside of the building. No more dull and dated green, we now have a soft shade of gray. This was truly a gift from many angels who started arriving ready to go at 6:00 AM and did not leave until it was completed, at a surprising time of 1:30pm. The organization for this project was simply unbelievable. Everything was ready when the volunteers arrived, thanks to the organizational skills of Julie Martin, Jean Watson, Jim Jorgenson, Tim Hunt and Bob Hecht. We know there are many we are unaware of and this thanks goes out to them as well.

The estimated savings for the Mattingly Center was approximately \$20,000. We still can't believe it. We owe a big "thanks" to those who gave so much of their time, talents and treasures not only on that day, but getting every detail pulled together. Food was donated and prepared (Hall Contracting furnished their big smoker and their Chef grilled brats, hamburgers and hot dogs) to feed everyone.

We'd like to give a special thanks to a number (by no means all) of companies who donated their time, money, equipment and labor to make our wish come true:

Associated Builders and Contractors

Bailey Tools

Tradesman International

Prewitt Mechanical

Wallitsch Nursery

Brasch & Berry General Contractors

Stock Yards Bank

Koatter Construction

Hall Contracting

Acordia of Kentucky

Masterson's

Dairy Queen

Jorgenson Sales

US & C

The Labor Finders

Sam's Club

Wendy's

Subway
