

## HALL Contracting of Kentucky, Inc.

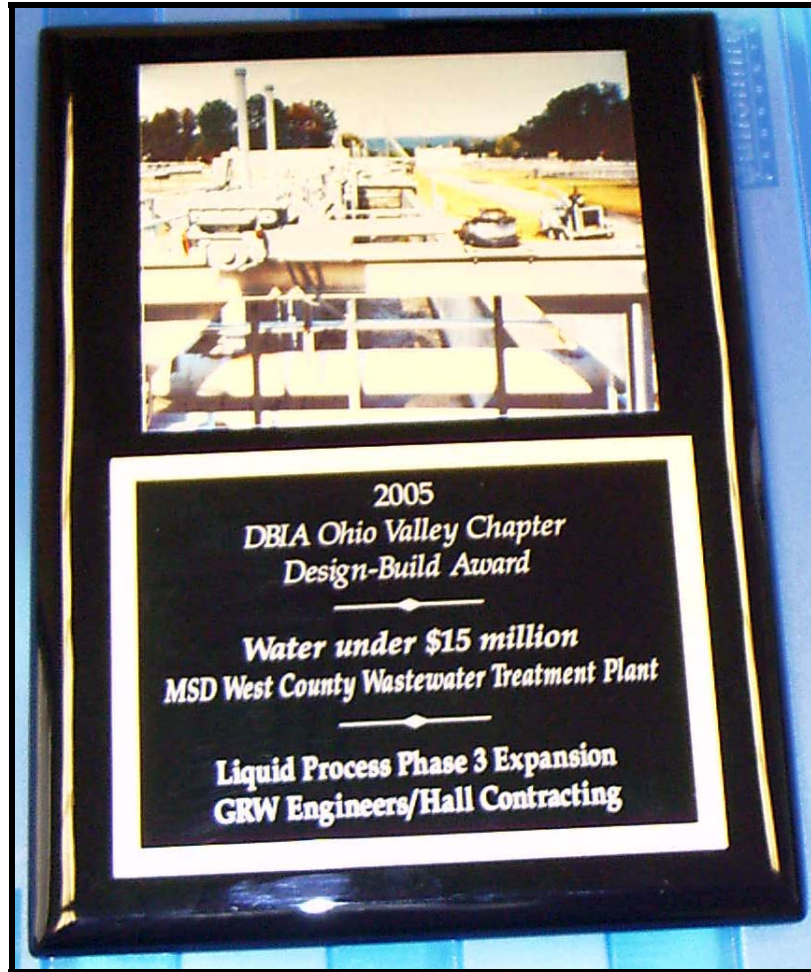

The Design-Build Institute of America Ohio Valley Chapter recently awarded Hall Contracting of Kentucky, Inc. and GRW Engineers the "Design-Build Excellence Award" for MSD West County Wastewater Treatment Plant Liquid Process Phase 3 Expansion.

Based on total scores Judges gave each project, only one project excelled above others. Only one project scored more points than all the others. That project deserves special recognition. It deserves the Design-Build Excellence Award.

The Design-Build Institute of America (DBIA) is a membership organization founded in 1993 to advocate and advance single source project delivery within the design and construction community. The design-build method of project delivery embraces architecture/engineering and construction services under a single contract, thereby re-integrating the roles of designer and constructor.

## HALL Contracting of Kentucky, Inc.

The Design-Build Institute of America Ohio Valley Chapter recently awarded Hall Contracting of Kentucky, Inc. and GRW Engineers the "Design-Build Award" for MSD West County Wastewater Treatment Plant Liquid Process Phase 3 Expansion, Water under \$15 million.

The objective of the award was to acknowledge the most outstanding design-build projects in the United States and the world by promoting and recognizing the use and efficacy of design-build as a project delivery method whose team is located in the Ohio Valley Chapter area (Kentucky, Ohio, and West Virginia).

The Design-Build Institute of America (DBIA) is a membership organization founded in 1993 to advocate and advance single source project delivery within the design and construction community. The design-build method of project delivery embraces architecture/engineering and construction services under a single contract, thereby re-integrating the roles of designer and constructor.
